Class Taught by Kit McKinney, RD, LD, CDE ([www.getdiabeteseducation.com](http://www.getdiabeteseducation.com))

Lunch Provided by Medtronic, Inc. ([www.minimed.com](http://www.minimed.com))

## Who is invited to attend:

- Parents of Type 1 Children
- Grandparents of Type 1 Children
- Adults living with Type 1 Diabetes
- Friends and Neighbors of Type 1 Children
- Babysitters and Caregivers of Type 1 Children

## Purpose of Class:

The purpose of the class is to provide basic education concerning Type 1 Diabetes to newly diagnosed families and current families living with Type 1 Diabetes.

Families are encouraged to invite grandparents, babysitters, extended family, neighbors and friends to the class. As others learn more about Type 1 Diabetes, they will also grow more comfortable around a child with diabetes thus building a stronger support system for Type 1 families.
